PREMIUM EUROPEAN SCREEN TUBE SYSTEM

Prepare the required measurements for us to provide quotation for the order purchase.
(Width x Height for feature screen tube wall, also the specified spacing between screen tubes.)

CRAFTED TO INSPIRE, BUILT TO LAST.

The Timber Screen Tube System combines elegant functionality with secure installation, featuring precision engineered screen tubes anchored by U-shaped timber plates at the top and bottom for enhanced stability.

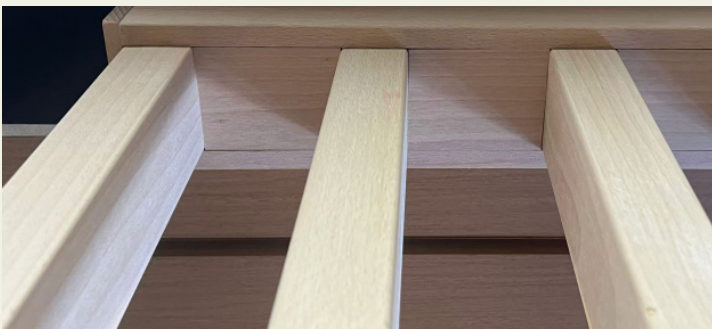

A hardwood timber cover plate completes the design, offering a refined aesthetic while protecting the structure for lasting durability. Perfect for sophisticated interiors, this system ensures seamless integration with modern architectural spaces.

CODE TS-01 **HARD TIMBER BEECHWOOD SCREEN TUBE**
SIZES : 40 x 70 x 2800mm

CODE TS-02 **U-SHAPE TOP AND BOTTOM TIMBER PLATE**
SIZES : 40 x 100 x 2800mm

CODE TS-03 **HARD WOOD TIMBER COVER PLATE**
SIZES : 10 x 70 x 2800mm

European Beechwood Timber Screen Tubes create a warm, elegant partition, blending natural beauty with modern design while allowing light to flow through effortlessly.

European Beech Wood – Raw Finish Treatment

European beech wood retains its natural warmth and fine grain in its raw finish. A water based stain enhances durability, protects against environmental exposure, and allows for custom color adjustments. Proper staining extends lifespan while preserving texture and integrity.

PREMIUM EUROPEAN GLASS CABINET & SHELVING SYSTEM
